

HAPPY BIRTHDAY

Jeff Speakman's Kenpo 5.0 Pasadena can host your child's birthday party in our studio! Your child's birthday is a special occasion. Let us make it memorable! We set up the party, do all of the work and clean it all up at the end. The kids will be entertained with games and a basic karate lesson which will include board breaking!

All parents have to do is sit back and watch their kids have fun!

The birthday child will be able to cut the birthday cake with a Samurai Sword, enjoy a martial arts class with their friends, break a real wooden board in front of their guests, and get a special gift that the guests can sign which will be theirs to keep as a great memory of their special day!

The fee for the party is \$400 for 2 hours. The fee includes all and unlimited kids supplies: drinks (bottled water and juice boxes) and paper products in a basic party theme (plates, forks, napkins.) We will also include our decorations.

The birthday cake is not included. Please bring your own cake
